

Minutes Hanseatic Conference 11. – 13.05.2011

Please find attached the programme of the Conference. The Conference was carried out according to the schedule planned in the programme. Two presentations had to be cancelled at the short notice:

- “European Cooperation Projects as a Means for fostering Energy Efficiency and Climate Protection”, Dr. Michael Stöhr, B.A.U.M. Consult GmbH Munich/ Berlin
- “Prospects for the use of biogas plants in Russia”, Sergey Yakovlevich Chernin, Chairman of Board of Directors of the BioGazEnergoStroy Corporation, Moscow

The meeting was attended by a total of 132 persons (see attached participants list). Within the Conference on 12 May 2011 at 08.00 p.m. an open lecture meeting with EU Energy Commissioner Günther Oettinger took place in the Hamburg City Hall. To this part of the Conference additional guests were invited, altogether this event was attended by a total of over 300 people.

At the end of the Conference the participants were asked to evaluate the event. The analysis of these questionnaires has led to the following result:

3) Comments, proposals, critique

- the topic oft he conference was very important and useful
- great venue, great city, good mood
- please organise the conference room so that nobody has their back towards the podium
- it would be good to continue organising such events

- too many working hours at the day; please consider in the future a little time (1-2 hours) for walking, resting. As you know no more than 8 working hours per day can be calculated in the project ;-)
- very good organisation
- too many information can not be assimilated in such a short time
- so many information can not be assimilated in this short time, it would be good, if the working part ends at 16.00
- too many information, it is hard to stay concentrated for 12 hours
- In my opinion one presentation was missing – from an entrepreneur who implement energy efficiency measures in his/her company (examples for calculations, decision making, collaboration with sponsors, etc.)
- Please involve the wind sector in to the measures realized by the Hanseatic Parliament
- the working groups at round tables could maybe have been in separate rooms. Very well organised and interesting conference.
- perhaps more evening programme or at least more opportunity for discussion
- everything was fine
- Please try to keep the high level of the Conference
- please plan 1,5-2 hours free time before the evening programme starts
- the Conference had a very high level
- the results of the Conference should be send to all participants and stakeholder as political recommendations
- more intensiv exchange
- good experts and speakers
- please send the presentations via e-mail to all participants
